Re: Cancellation of Reclamation Surety, ECDC Environmental, L.C. Mining Company, ECDC Clay Mine, M/015/062, Emery County, Utah

Dear Mr. Olson:

On July 8, 2003, we received written notification from National Fire Insurance Company of Hartford, that they will not renew the Mined Land Reclamation Bond # posted as reclamation surety for ECDC Environmental, L.C.'s ECDC Clay Mine, located in Emery County, Utah. The surety will be cancelled 90-days from our receipt of the cancellation notice (effective October 6, 2003).

The Utah Mined Land Reclamation Act requires that an adequate surety be maintained for all large mining operations until the mine site is successfully reclaimed, therein allowing bond release. ***You are hereby advised that we must receive a replacement form of surety within 60 days, or prior to September 8, 2003,*** or we will be forced to start surety forfeiture proceedings.

Please contact me at (801) 538-5286, or Joelle Burns at (801) 538-5291 to discuss this situation further and to inform us of your intentions. Thank you for your consideration and prompt attention to this important permitting requirement.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
